Thursday 18^h February 2021

Dear Parent/Carer,

As you will be aware the Scottish Government have announced the return to school for children in ELC, P1, 2 and 3 on Monday 22nd February.

The children's pattern of attendance should be as it was before Christmas and is as follows:

- The school day starts at 8.45am and finishes at 2.45pm. Children should not be dropped off before 8.40am.
- Parents do not have access to the playground and we ask that children are dropped-off at the school gates where possible. Staff will be in place in the playground to monitor the children while they wait for the bell to ring.
- Parents/carers can access the playground at 2.45pm to collect their child.
- All adults are required to wear face coverings in the school grounds and on the approach to the school gates.
- Different households should physically distance when on school grounds.
- The remainder of the school day/routines will continue as before Christmas.

Appropriately registered children in P4-7 who attend the HUB should continue to do so. They should continue to access school via the main doors at 9am and be collected at 3pm from the playground.

Children in P4-7 who are not registered with the HUB, are required to maintain their engagement with online, remote learning.

We really look forward to seeing our infant classes back in school and hope that it will not be too long before all children are back with us in Dunoon Primary.

Yours sincerely,

Brenda Reid
